

CURRICULUM VITAE

İlham Akhundov, PhD

Director, Undergraduate Mathematics Business and Accounting Programs

Faculty of Mathematics, University of Waterloo, Waterloo, Ontario, Canada

Contact and identifiers

Full name (as in publications)	İlham Akhundov
Name in Azerbaijani	İlham Axundov
Country of residence	Canada
Institutional email	iakhundo@uwaterloo.ca
Scientific field	Probability theory and mathematical statistics

Profile summary

İlham Akhundov is director of the undergraduate mathematics, business, and accounting programs in the Faculty of Mathematics at the University of Waterloo, a post he has held since 2013. He received a PhD in mathematics, specializing in probability theory and mathematical statistics, from St. Petersburg University in 1988, and a bachelor's degree in mathematics there in 1981. He was deputy director academic of the University of Waterloo campus in the United Arab Emirates in 2009–2013, a lecturer at Waterloo in 2007–2009, and an assistant professor at McMaster University in 2000–2007. Earlier he was an associate professor at Odlar Yurdu University and at Azerbaijan State Economic University.

Education

Years	Degree	Field / thesis title	Institution, city, country
1988	PhD	Mathematics, probability theory and mathematical statistics. Thesis: Asymptotic behavior of ordered random variables and their sums. 139 pages	St. Petersburg University, Russia
1981	BSc	Mathematics. The CV prints B.S.	St. Petersburg (Leningrad) University, Russia

Academic and professional positions

Years	Position	Department / unit	Institution, city, country
2013–present	Director, Undergraduate Mathematics Business and Accounting Programs	Faculty of Mathematics. The unit has more than 3,000 undergraduate students	University of Waterloo, Canada
2009–2013	Deputy Director Academic		University of Waterloo campus, United Arab Emirates
2007–2009	Lecturer	Department of Statistics and Actuarial Science	University of Waterloo, Canada
2000–2007	Assistant Professor	Department of Mathematics and Statistics	McMaster University, Canada
1999–2000	Fulbright Research Professor		Texas A&M University, United States

Years	Position	Department / unit	Institution, city, country
1995–1999	Associate Professor	Department of Mathematics and Econometrics. Also vice rector for international affairs	Odlar Yurdu University, Baku, Azerbaijan
1997	Research visit		Department of Quantitative Economics, University of Amsterdam, Netherlands
1988–1995	Senior lecturer, assistant professor, and associate professor		Azerbaijan State Economic University, Baku, Azerbaijan
1984–1988	PhD student		St. Petersburg University, Russia
1982–1984	Research assistant		St. Petersburg University, Russia
1981–1982	Tenured researcher		Institute of Mathematics, Academy of Sciences of the Azerbaijan S.S.R.

Publications

Books and textbooks

1. **Akhundov, I.** (1991). Probability Theory. Textbook for business students, in Azerbaijani. Baku. 120 pages.
2. **Akhundov, I.** (1992). Mathematical Statistics. Textbook for business students, in Azerbaijani. Baku. 80 pages.
3. **Akhundov, I., & Valiyev, A.** (1998). Theory of Probability and Mathematical Statistics. Textbook for business students, in Azerbaijani. Baku. 230 pages.

Book chapters

1. **Akhundov, I., & Nevzorov, V.** (2008). Characterizations of distributions via bivariate regression on differences of records. In: Records and Branching Processes. Nova Science Publishers, pp. 27–35.
2. **Akhundov, I.** (1985). Limit theorems, taken into account the role of maximum terms in the addition of independent random variables. In: Rings and Modules. Limit theorems of the Theory of Probability, vol. 1, pp. 139–146. St. Petersburg.

Peer-reviewed journal articles

1. **Akhundov, I., & Nevzorov, V.** (2012). From Student's t_2 distribution to Student's t_3 distribution through characterizations. Communications in Statistics - Simulation and Computation, 41(6), 710–716.
2. **Akhundov, I., & Nevzorov, V.** (2010). A simple characterization of Student's t_3 distribution. Statistics & Probability Letters, 80(5–6), 293–295.

4. **Akhundov, I.** (1989). On the role of maximum terms in module in the addition of random vectors. *Proceedings of the 5th International Vilnius Conference on Probability Theory and Mathematical Statistics*, Vilnius.
5. **Akhundov, I.** (1984). Limit theorems for a ratio of the terms of a variation series. *Proceedings of the Conference of Mathematicians of Azerbaijan*, vol. 1, pp. 82–84. Baku.

Grants and research projects

Years	Project title	Funding body	Your role
1995–1997	TACIS MBA program grant, as a lecturer		
1998	World Bank and IMF grant, Tashkent		
1999	Junior Faculty Achievement grant		
1999–2000	Fulbright grant		
2003–2007	NSERC grant		
2006	CIDA grant		
2007	AUCC grant		
2007	Canada Fund grant		

Awards, honors and fellowships

Year	Award / honor	Awarding body
2017	Outstanding Performance Award	University of Waterloo
2016	Taraggi Medal	

Supervision

Level	Number	Notes
PhD supervisory committee	1	Dong-Hoon Han, 2006–2007
PhD examiner	1	Tao Li, 2005
MSc examiner	4	Qihao Xie (2004); C. Frisina (2004); M. Rettinganti (2005); D. Han (2006)
Undergraduate research symposium	1	Joshuah Touyz, 2009

Teaching

Years	Course	Level	Institution
2007–present	Calculus, linear algebra, and statistics, including MATH 116, 137, 136, 115, 118, STAT 231, 241, 202, and ME 202		University of Waterloo
2002–2007	Mathematical statistics, applied linear models, calculus, differential equations, and probability		McMaster University
1997–1999	Statistical methods for biologists		Odla Yurdu University, Baku
1995–1996	Probability theory for mathematicians and engineers		Khazar University, Azerbaijan
1988–1995	Probability and statistical methods for undergraduate economists, and postgraduate statistics		Azerbaijan State Economic University, Baku

Invited talks and conference participation

Year	Event, place	Type	Title of talk
2012 and 2013	University of Waterloo campus, United Arab Emirates	Invited seminar	University of Waterloo campus, United Arab Emirates
2006	University of Waterloo, Canada	Invited seminar	University of Waterloo, Canada
2005	Izmir University of Economics, Turkey	Invited seminar	Izmir University of Economics, Turkey
2004	McMaster University, Canada	Invited seminar	McMaster University, Canada
2002	McMaster University and University of Ottawa, Canada	Invited seminar	McMaster University and University of Ottawa, Canada
2001	Fatih University, Istanbul, Turkey	Invited seminar	Fatih University, Istanbul, Turkey
2000	Texas A&M University, United States	Invited seminar	Texas A&M University, United States
1999	American University, Washington, D.C.	Invited seminar	American University, Washington, D.C.
1998	Tashkent State Economic Institute, Uzbekistan	Invited seminar	Tashkent State Economic Institute, Uzbekistan
1997	University of Amsterdam, seminar of A. A. Balkema	Invited seminar	University of Amsterdam, seminar of A. A. Balkema
1989	5th International Vilnius Conference on Probability Theory and Mathematical Statistics, Vilnius	Invited lecture	5th International Vilnius Conference on Probability Theory and Mathematical Statistics, Vilnius
1988	Institute of Mathematics and Informatics, Lithuanian Academy of Sciences, Vilnius	Invited seminar	Institute of Mathematics and Informatics, Lithuanian Academy of Sciences, Vilnius
1986	University of Kyiv, seminar of A. V. Skorokhod, Ukraine	Invited seminar	University of Kyiv, seminar of A. V. Skorokhod, Ukraine
1985	4th International Vilnius Conference on Probability Theory and Mathematical Statistics, Vilnius	Invited lecture	4th International Vilnius Conference on Probability Theory and Mathematical Statistics, Vilnius
