Contact and identifiers

Full name (as in publications)	Elchin Badalov
Name in Azerbaijani	Elçin Bədəlov
Country of residence	Turkey
Scientific field	Dentistry (oral implantology and maxillofacial surgery)

Profile summary

Elchin Badalov is an associate professor in the Department of Oral and Maxillofacial Surgery at Istanbul Aydın University, where he has been a faculty member since 2014 and received the associate-professor title in 2023. He graduated from the Faculty of Dentistry of Istanbul University in 2007 and completed a doctorate there in oral implantology in 2014. The thesis, as given in the English text of the CV, is a histological and histomorphometric study of vascular endothelial growth factor and early bone growth in a mouse model. The CV states more than 20 articles and book chapters in maxillofacial surgery and implantology, and two surgical techniques and a suture method that carry his surname, without naming them.
