

CURRICULUM VITAE

Iouldouz Raguimov, PhD

Sessional Associate Professor

Department of Mathematics and Statistics, York University, Toronto, Ontario, Canada

Contact and identifiers

Full name (as in publications)	Iouldouz S. Raguimov
Name in Azerbaijani	Yulduz S. Rəhimov
Country of residence	Canada
Institutional email	raguimov@yorku.ca
ResearchGate / LinkedIn / website	https://link.springer.com/book/10.1007/978-3-030-96651-5
Scientific field	Applied mathematics; operations research

Profile summary

Iouldouz Raguimov was a sessional associate professor, on a long-service teaching appointment, in the Department of Mathematics and Statistics at York University in Toronto from 2015 to 2024. He received a PhD in applied mathematics from the Dorodnitsyn Computing Centre of the USSR Academy of Sciences in 1981. The thesis is The Best Guaranteed Result Principle in a Class of Operations Research Problems, supervised by N. N. Moiseev. He received an MSc in applied mathematics and computer science from Azerbaijan State University, now Baku State University, in 1975. In 1991 he received the science title Senior Research Fellow in applications of computational techniques, mathematical modeling, and mathematical methods.

Education

Years	Degree	Field / thesis title	Institution, city, country
1981	PhD	Applied mathematics. Thesis: The Best Guaranteed Result Principle in a Class of Operations Research Problems. Supervisor: N. N. Moiseev. Committee: V. V. Fedorov and A. V. Lotov	Dorodnitsyn Computing Centre, USSR Academy of Sciences, Moscow
1975	MSc	Applied mathematics and computer science	Azerbaijan State University, now Baku State University, Baku, Azerbaijan
1991	Senior Research Fellow	Science title in applications of computational techniques, mathematical modeling, and mathematical methods to research	Moscow, USSR

Academic and professional positions

Years	Position	Department / unit	Institution, city, country
2015–2024	Sessional Associate Professor, long-service teaching appointment		Department of Mathematics and Statistics, York University, Toronto, Canada

Years	Position	Department / unit	Institution, city, country
2000–2015	Sessional Assistant Professor		Department of Mathematics and Statistics, York University, Toronto, Canada
1999–2000	Tutorial leader		Department of Mathematics, University of Toronto at Mississauga, Canada
September–December 2000	Tutorial leader		Computer Science Department, University of Toronto at Mississauga, Canada
1998–1999	Project associate		RiskLab, Department of Mathematics, University of Toronto at Mississauga, Canada
1994–1996	Associate Professor		Department of Computational Mathematics, Baku State University, Baku, Azerbaijan
1992–1994	Head of the Laboratory of Information and Computational Systems		Baku State University, Baku, Azerbaijan
1991–1992	Scientific research fellow	USSR–China scientific exchange	Department of Automatic Control, Huazhong University of Science and Technology, Wuhan, China
1988–1991	Head of the Laboratory of Problems of Higher and Post-Secondary Education		Azerbaijan State University, Baku, Azerbaijan
1984–1988	Vice director		Scientific Research Centre, Azerbaijan State University, Baku, Azerbaijan
1982–1984	Head of department		Scientific Research Centre, Azerbaijan State University, Baku, Azerbaijan

Research metrics

Indicator	Value	Source	Date checked
Scientific papers	More than 25	CV	
Years of teaching	30	CV	

Publications

Books and textbooks

1. Moiseev, N. N. How Far It Is to Tomorrow. English translation by **Iouldouz Raguimov** and Robert G. Burns. Birkhäuser, 2022. <https://doi.org/10.1007/978-3-030-96651-5>.

Peer-reviewed journal articles

1. Aliev, F. A., Mutallimov, M. M., Askerov, I. M., & **Raguimov**, I. Asymptotic method of solution for a problem of construction of optimal gas-lift process modes. *Mathematical Problems in Engineering*, 2010, vol. 2010, pp. 1–11.
2. **Raguimov**, I. On the duality of linear multi-objective models. *Reports of the Azerbaijan Academy of Sciences*, 4, 1994. In Azerbaijani.

4. **Raguimov**, I., & Gasanov, I. I. On solution of a stochastic control problem by the method of optimization on time series. Proceedings of the 2003 Hawaii International Conference on Statistics and Related Fields, 5–9 June 2003. 7 pages. ISSN 1539-7211.
5. **Raguimov**, I. On decision making in operations with stochastic factors. Proceedings of CIMCA 2001, pp. 580–587. ISBN 0858898470.
6. **Raguimov**, I. Finding of the deregulated prices by multi-person decision-making with a multi-objective approach. 7th IFAC/IFORS/IIASA Conference on Modeling and Control of National Economies, Beijing, 1992, pp. 138–142.

Grants and research projects

Years	Project title	Funding body	Your role
2008	On decision-making in a stochastic environment	York University research grant	
2003	Method of optimization on time series in decision-making in operations with stochastic parameters	York University research grant	

Awards, honors and fellowships

Year	Award / honor	Awarding body
2013	Excellence in Teaching Award	Faculty of Science, York University

Teaching

Years	Course	Level	Institution
2000–2024	Operations research, combinatorial and linear optimization, mathematical theory of interest, probability, linear algebra, calculus, discrete mathematics, and mathematics for management and the life sciences. Course codes include MATH 4170, 3172, 3171, 3170, 2280, 2030, 2580, and 1505		York University, Toronto, Canada

Invited talks and conference participation

Year	Event, place	Type	Title of talk
May 2024	ADA University, Baku, Azerbaijan	Presentation	The Best Guaranteed Result Principle and Decision-Making in Operations with Stochastic and Uncertain Factors

Year	Event, place	Type	Title of talk
September 2015	Fields Institute, University of Toronto, Canada	Presentation	Best guaranteed result principle and decision making in operations with stochastic factors and uncertainty
July 1994	NATO Advanced Study Institute, Stony Brook, New York, United States	Presentation	The game-theoretical approach to modeling of international economic cooperation
