

CURRICULUM VITAE

Valeh Rustamov, Dr. med. dent.

Postdoctoral researcher and group leader

Institute of Molecular and Cell Biology, Faculty of Biotechnology, Mannheim University of Applied Sciences, Germany

Contact and identifiers

Full name (as in publications)	Valeh Rustamov
Name in Azerbaijani	Valeh Rüstəmov
Country of residence	Germany
Scientific field	Medicine and cell biology

Profile summary

Valeh Rustamov is a postdoctoral researcher and group leader at the Institute of Molecular and Cell Biology of Mannheim University of Applied Sciences, under Prof. Dr. Hafner and Prof. Dr. Rudolf, since 2020. He completed a doctorate in 2014–2019 at the Medical Faculty Mannheim of Heidelberg University, with distinction, on a therapeutic antibody against bone sialoprotein in 3D cell culture. He qualified as a dentist at the Azerbaijan Medical University (2008–2013) and as a dental technician at Baku Basic Medical College No. 2 (2006–2008). Two journal articles are listed, both with him as an author, in *Frontiers in Oncology* (2019) and the *Journal of Cellular Biotechnology* (2017).

Education

Years	Degree	Field / thesis title	Institution, city, country
2014–2019	Dr. med. dent.	Characterization, compared with 2D cell culture, of the effect of a new therapeutic antibody against bone sialoprotein in 3D cell culture. Diploma with distinction	Medical Faculty Mannheim, Heidelberg University, Germany
2008–2013	Dentistry degree		Azerbaijan Medical University, Baku, Azerbaijan
2006–2008	Dental technician	Orthopedic dentistry. Diploma with distinction	Baku Basic Medical College No. 2, Baku, Azerbaijan
1997–2005	Lyceum	Chemistry and biology	Republic Lyceum, Baku, Azerbaijan
1994–1997	Secondary school		Secondary school No. 32, Baku, Azerbaijan
1999–2004	Music school	Guitar and piano	C. Hajiyev Music School, Baku, Azerbaijan

Academic and professional positions

Years	Position	Department / unit	Institution, city, country
2020–present	Postdoctoral researcher and group leader	Institute of Molecular and Cell Biology	Mannheim University of Applied Sciences, Germany. Supervisors: Prof. Dr. Hafner and Prof. Dr. Rudolf
February 2014	Visiting researcher		Medical Faculty Mannheim, Heidelberg University, Germany

Years	Position	Department / unit	Institution, city, country
2013–2014	Dentist		Dental Clinic of the Central Clinical Hospital, Baku, Azerbaijan
2008–2009	Dental technician		Dental-Service Clinic, Baku, Azerbaijan

Publications

Peer-reviewed journal articles

1. **Rustamov, V.**; Keller, F.; Klicks, J.; Hafner, M.; Rudolf, R. Bone sialoprotein shows enhanced expression in early, high-proliferation stages of three-dimensional spheroid cell cultures of breast cancer cell line MDA-MB-231. *Frontiers in Oncology*, 2019, 9. Impact factor 4.8.

2. **Rustamov, V.**; Rudolf, R.; Yagublu, V.; Kuhn, H.-M.; Vitacolonna, M.; Hafner, M. Long-term 3D culture of the SCC4 cell line using three different culture methods and initial seeding densities. *Journal of Cellular Biotechnology*, 2017, 3, 41–50. Impact factor 1.3.

Grants and research projects

Years	Project title	Funding body	Your role
August 2014	Five-year doctoral scholarship under the 2007–2015 State Program for the education of Azerbaijani youth abroad	Republic of Azerbaijan	Doctoral student
January 2014	Six-month research scholarship	DAAD	
September 2016	Conference participation scholarship	European Health Science Match	

Awards, honors and fellowships

Year	Award / honor	Awarding body
June 2019	Article selected among the best in Molecular and Cellular Oncology at Frontiers in Oncology for the first quarter of 2019 and included in a quarterly collection of 18 articles	Frontiers in Oncology
June 2013	First place, I Championship in Esthetic Restoration	Azerbaijan Medical University, Baku
December 2012	Best student scientific researcher of the year	Azerbaijan Medical University, Baku
November 2012	Best poster, How to care for a baby's oral cavity	II Turkey Forum of Young Azerbaijani Physicians and Medical Students, Izmir
February 2012	First place, best scientific research of the Faculty of Dentistry	Azerbaijan Medical University, Baku

Invited talks and conference participation

Year	Event, place	Type	Title of talk
May 2024	Leica Microsystems, Mannheim, Germany	Course	Unveiling Tumor Immune Landscape: Using Multiplexed Whole-Tissue Imaging and AI-Powered Spatial Analysis
April 2024	European Pharmacology Days, Mannheim, Germany	Participation	
March 2024	M2Aind Symposium, Mannheim University of Applied Sciences, Germany	Symposium	
April 2023	European Pharmacology Days, Mannheim, Germany	Participation	
March 2022	M2Aind Symposium, Mannheim University of Applied Sciences, Germany	Symposium	
November 2020	M2Aind Symposium, Mannheim University of Applied Sciences, Germany	Symposium	
October 2019	Heidelberg, Germany	Course	MicroRNA: introduction and detection methods
