

CURRICULUM VITAE

Eldar Veliyev, DSc, PhD

Director of the training and distance-education center; Professor

Kharkiv National Academy of Municipal Economy, Kharkiv, Ukraine

Contact and identifiers

Full name (as in publications)	Eldar Ismail oglu Veliev
Name in Azerbaijani	Eldar İsmayıl oğlu Vəliyev
Country of residence	Ukraine
Scientific field	Radiophysics; electromagnetic diffraction

Profile summary

Eldar Veliyev is director of the center for training, retraining, and distance education at the Kharkiv National Academy of Municipal Economy, and a doctor of science and professor. He received an MSc in theoretical physics from Azerbaijan State University in 1968–1973. His thesis is diffraction radiation from a finite section of a circular waveguide. He received a PhD in radiophysics in 1977 from Kharkiv State University, supervised by V. P. Shestopalov, and a Doctor of Science in radiophysics there in 1988. From 1988 to 2008 he was a leading researcher at the Institute of Radiophysics and Electronics of the National Academy of Sciences of Ukraine.

Education

Years	Degree	Field / thesis title	Institution, city, country
1988	DSc	Radiophysics. Thesis: wave diffraction by polygonal cylinders and by circular and flat cylindrical screens	Kharkiv State University, Ukraine
1977	PhD	Radiophysics. Thesis: diffraction of a plane wave by a grating of slotted circular cylinders. Supervisor: V. P. Shestopalov	Kharkiv State University. Study at the Institute of Radiophysics and Electronics, 1973–1976
1968–1973	MSc	Theoretical physics. Thesis: diffraction radiation from a finite section of a circular waveguide	Azerbaijan State University, Baku

Academic and professional positions

Years	Position	Department / unit	Institution, city, country
	Director of the training, retraining, and distance-education center	Doctor of science and professor. Years not stated in the positions table	Kharkiv National Academy of Municipal Economy, Ukraine
2008–February 2012	Director		State Research and Design Institute of Basic Chemistry, Ukraine
1988–2008	Leading researcher		Institute of Radiophysics and Electronics, National Academy of Sciences of Ukraine, Kharkiv
1981–1988	Senior researcher		Institute of Radiophysics and Electronics, Kharkiv

Years	Position	Department / unit	Institution, city, country
1975–1980	Junior researcher		Institute of Radiophysics and Electronics, Kharkiv

50. E.I **Veliev**, V. Veremey and V.P Shestopalov. "Far-field radiation pattern of the resonant scatterers," Izv. Universities Radio, 1987, T. 30, № 10. 1988
51. E.I **Veliev**, V. Veremey and V.P Shestopalov. "Diffraction of waves on a rectangular cylinder." Radio Engineering and Electronics, 1988, T. 33, № 3.
52. E.I Valiev and V.P Shestopalov. "A general method for solving the dual integral equations", DAN SSSR, 1988, T. 300, № 4.
53. E.I Valiev and V.P Shestopalov. "Diffraction of waves on a flat strip of finite thickness," DAN SSSR, 1988, T. 301, № 3. 1989
54. E.I **Veliev**, V.V.Veremey and V.P.Shestopalov "Electromagnetic wave diffraction on polygonal cylinders - new approach". Proceedings of the 1989 URSI International Symposium on Electromagnetic Theory. Sweden, Stockholm, p.620, 1989. 1990

Awards, honors and fellowships

Year	Award / honor	Awarding body
1997	Man of the Year	American Biographical Institute
2011	Gold medal	Academy of Applied Radio Science, Ukraine
2011	Academician	European Academy of Natural Sciences, Hannover, Germany

Supervision

Level	Number	Notes
PhD	4	T. M. Ahmedov (1985); V. P. Androsov (1989); R. A. Aliev (1991); M. V. Ivakhnychenko (2008)

Teaching

Years	Course	Level	Institution
1979–1980	Mathematical analysis, analytical geometry, and complex variables		Kharkiv Aviation Engineering Institute
1992–1995	Advanced electromagnetic wave theory and advanced mathematics		Çukurova University, Adana, Turkey
